01 WHY HARAM ALHAYAT

Harm Al Hayat for General Contracting was established in 2008 in Baghdad to meet the growing need for comprehensive technical solutions that combine innovation and quality. With our extensive experience in engineering and modern technologies, we have successfully built a reputation based on trust and a commitment to delivering high-quality services that meet the needs of our clients.

We believe that true success comes from close collaboration with our clients, making them essential partners in every project we undertake. With a specialized team and a wide network of partners, we continue our pursuit of innovative solutions that enhance Iraq's digital infrastructure and contribute to building a more advanced future.

02 OUR MESSAGE

At Harm Al Hayat for General Contracting, we believe that technology is the driving force behind the advancement of societies. Therefore, we are dedicated to delivering innovative technical solutions that combine efficiency and high quality, in collaboration with the best global and local suppliers and companies.

We strive to exceed our clients' expectations by providing comprehensive services that enhance their operational capabilities and help them achieve their goals.

CEO & Founder
Nizar Fadhil Alwan

03 OUR VALUES

At Harm Al Hayat for General Contracting, we believe that sustainable success is built on a core set of values that guide every step we take. We are committed to applying these values in all of our projects to ensure we provide the best solutions for our clients and achieve the highest standards of success.

Excellence

Achievement

Quality

Reliability

Innovation

**“IT’S NOT JUST ABOUT
TECHNOLOGY.
IT’S ABOUT THE PEOPLE
WHO MAKE IT GREAT.”**

Steve Jobs

04 OUR SERVICES

Fiber Optic Services

We install fiber optic networks that guarantee ultra-fast and stable internet connections for institutions, companies, and residential complexes. We make it a priority to use the latest technologies to ensure reliable and sustainable service.

Integrated Surveillance Systems and Cameras

We offer comprehensive video surveillance solutions that provide the highest levels of security. Our services include the design, supply, and installation of advanced monitoring systems that allow for live surveillance and 24/7 recording.

Internal and External Broadcasting Systems

We provide audio broadcasting systems that suit a variety of environments, whether indoor or outdoor. Our system is characterized by high sound quality and the ability to adapt to the needs of institutions, companies, and even universities, schools, and mosques.

Integrated Sound Systems

We specialize in supplying and developing advanced sound systems that ensure clarity in theaters and large halls. We provide tailored solutions to meet the specific requirements of each client.

04 OUR SERVICES

Internet, Intranet, PBX, and VOIP Systems

We provide comprehensive services to connect various institutions and companies to internal and external communication networks. Our focus is on delivering secure, reliable, and efficient solutions that ensure work continuity and high-quality performance under all conditions.

Computers, Printers, and Servers Supply

We prioritize providing the latest computing technologies by equipping institutions with modern computers, advanced printers, and high-performance servers, meeting their technical needs efficiently in collaboration with leading global companies.

Satellite Systems Installation

We offer comprehensive and integrated solutions for providing satellite services to residential complexes and institutions, with a focus on delivering an exceptional viewing experience that keeps pace with the latest digital entertainment technologies.

Safety and Fire Systems

We prioritize the safety of institutions and complexes by installing early warning and fire protection systems that safeguard lives and property. Our services include the design, installation, and regular maintenance to ensure the systems operate efficiently.

04 OUR SERVICES

Smart Homes

We offer innovative technological solutions for smart homes, enabling full control over lighting, air conditioning, security, and household appliances through smart applications. This provides convenience, security, and ease of use for homeowners.

Logistical Support and After-Sales Services

We provide comprehensive logistical services to support projects and institutions, including maintenance and upgrades, along with after-sales services to ensure customer satisfaction and the continuous, optimal operation of systems.

05 BUSINESS SECTORS

As we understand that each sector has its unique characteristics, we design and implement comprehensive solutions tailored to meet the specific requirements of each client.

Companies and Institutions

We offer tailored services to enhance the digital infrastructure of companies and institutions, contributing to improved operational efficiency and strengthened competitive capabilities.

Banks and Financial Institutions

We provide advanced solutions for securing communication and data networks in banks, ensuring banking operations are conducted with the highest levels of security and reliability conditions.

Residential Complexes and Units

We focus on developing the digital infrastructure of residential complexes, allowing residents to enjoy advanced technological services that simplify their daily lives.

Universities and Educational Institutions

We aim to support educational institutions by offering innovative technological solutions that improve the learning environment and facilitate the educational process conditions.

06 OUR PARTNERS

At Harm Al Hayat for General Contracting, we take pride in our strategic partnerships with some of the best technology providers, suppliers, and leading companies in the field of modern technologies.

Through collaboration with these distinguished entities, we ensure the delivery of innovative and efficient solutions that meet the highest standards of quality and performance.

07 OUR CLIENTS

At Harm Al Hayat for General Contracting, we take pride in our relationships with a distinguished group of clients representing various sectors.

Their trust in us is a testament to our commitment to quality and professionalism. We consider each project a unique partnership and always strive to deliver solutions that exceed expectations and contribute to mutual success.

08 ACHIEVEMENT JOURNEY

Over the past 16 years, Haram AlHayat Co. for General Contracting has experienced continuous growth and remarkable development in providing comprehensive technical and digital solutions.

Since our establishment in 2008, we have remained committed to achieving the highest standards of quality and innovation in every project we undertake, earning the trust of our clients and partners.

This journey of success is a testament to our dedication to excellence and delivering pioneering services that meet the market's aspirations and our clients' diverse needs.
